DETAILED ACTION

1. Claims 1-23 are allowed.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

None of the prior arts of record teach or suggest the claimed limitation with respect to controlling a physical layer interface of a network interface card in real time, said apparatus comprising: a microcontroller capable of executing said multitasking control program; wherein program execution control is transferred from said main routine to a first one of said plurality of subroutines when said first subroutine is called by said main routine; wherein said first subroutine, upon encountering a decision point in said first subroutine that is not yet capable of being decided, updates a first one of said plurality of multitasking vectors associated with said first subroutine with an address of said decision point and transfers program execution control back to said main routine; and wherein the main routine, after sequentially transferring program execution control to each remaining subroutine in the plurality of subroutines, again transfers program execution control from the main routine to the first subroutine at the address of the decision point contained in the first multitasking vector along with other claim limitations. None of the prior arts of record teach or suggest the claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ashok B. Patel whose telephone number is (571) 272-3972. The examiner can normally be reached on 8:00am-5:00pm.
